ANNUAL INTEGRATED PEST MANAGEMENT NOTICE

2020-2021

Dear Parent, Guardian, or Staff Member,

This notice is being distributed to comply with New Jersey Integrated Pest Management Act. Saint Dominic Academy has adapted an Integrated Pest Management (IPM) Policy and has implemented an IPM Plan to comply with this law. IPM is a holistic, preventative approach to managing pests that is explained further in the school's IPM Policy included with this notice.

All schools in New Jersey are required to have an Integrated Pest Management Coordinator (IPM Coordinator) to oversee all activities related to IPM and pesticide use at the school.

The IPM Coordinator for Saint Dominic Academy is: Sharon Buge

Business Phone Number: 201-434-5938 ext 36

Business Address: 2572 John F Kennedy Blvd Jersey City, NJ 07304

The IPM Coordinator maintains the pesticide product label, and the Material Safety Data Sheet (MSDS) (when one is available) of each pesticide product that may be used on school property. The label and the MSDS are available for review by parent, guardian, staff member, or student attending the school. Also, the IPM Coordinator is available to parents, guardians and staff members for information and to discuss comments about IPM activities and pesticide use at the school.

As part of a school pest management plan Saint Dominic Academy may use pesticides to control pests. The United States Environmental Protection Agency (EPA) and the New Jersey Department of Environmental Protection (DEP) register pesticides to determine that the use of a pesticide in accordance with instructions printed on the label does not pose an unreasonable risk to human health and the environment. Nevertheless, the EPA and the DEP cannot guarantee that registered pesticides do not pose any risk to human health, thus unnecessary exposure to pesticides should be avoided. The EPA has issued the statement that where possible; persons who are potentially sensitive, such as pregnant women, infants, and children should avoid unnecessary pesticide exposure.
